

FREE ACCESS TO ONLINE COURSES ON JOURNEY OF THE UNIVERSE AND THOMAS BERRY

Mary Evelyn Tucker and John Grim, Yale University, are offering four six-week online courses. Brian Thomas Swimme provides introductory comments. These are featured as a specialization under the title: “**Journey of the Universe: A Story for our Times.**” They are available in English and in Chinese.

This specialization includes two courses on *Journey of the Universe* and a course on *The Worldview of Thomas Berry*. Each of these courses can be taken independently, followed by an *Integrating Capstone* course. These are MOOCs available on Coursera to anyone, anywhere on the planet.

Learners may audit these courses **FREE OF CHARGE** (with the exception of the capstone course). Or learners may register for all of the courses for a small fee and, upon completion, receive a specialization certificate. The courses **do not have to be completed within the six-week period**, rather, learners may take the classes and finish at their own pace.

Courses:

- *Journey of the Universe*: The Unfolding of Life (film & book)
- *Journey Conversations*: Weaving Knowledge and Action
- *The Worldview of Thomas Berry*: Flourishing of the Earth Community
- *Integrating Capstone*: Living Cosmology (only available as part of the specialization certificate—not available to audit)

The next set of enrollment dates for the courses are March 12, 2018 - April 30, 2018
